Designation and specification of the product/service by country:

Norway see appendix	Iceland see appendix
Finland see appendix	Sweden see appendix
Denmark see appendix	Outside Nordic see appendix

This licence is pan-Nordic and is valid in all Nordic countries.

The ecolabelling organisation hereby grants the above licensee the right to use the Nordic Ecolabel in accordance with the terms of the licence on or in conjunction with products that conform to the provisions of the relevant ecolabelling criteria or in conjunction with the marketing of products. The use of the ecolabel in other Nordic countries is included by this licence without separate registration. The turnover of the specified products shall once a year, on request, be reported to the ecolabelling organisation by 1 April at the latest. Turnover shall be broken down by Nordic country.

The ecolabelling organisation undertakes to inform licensees if any amendment is made to the criteria document.

The licence will be revoked with immediate effect if the "Regulations for Nordic Ecolabelling of products" or the ecolabelling criteria for the product group are disregarded. If the licensee causes the ecolabelling organisation direct or indirect costs as a result of this or if damage is caused by a product manufactured/sold by the licensee, the licensee shall indemnify the ecolabelling organisation in full.

The ecolabelling licence is valid up to the specified date unless written notice of cancellation is issued by the licensee or the ecolabelling organisation at least three months in advance. The licence is non-transferable unless an application for transfer is submitted.
